☆ FACTS ABOUT ROTARY ☆

- **Rotary is made up of business and professional leaders who work to better their community and build understanding and peace in the world. Rotary is a non-political, non-religious humanitarian organization.**
- **There are approximately 1.2 million Rotary club members of more than 31,000 Rotary clubs in 166 countries. Rotary was founded in 1905.**
- **Since 1947, the Rotary Foundation has awarded more than US\$1.1 billion in humanitarian and educational grants, which are administered at the local level.**

What Do Rotary Clubs Do?

Here are some of Rotary's focus areas:

Polio Eradication - In 1985, Rotary's members vowed to make the world polio-free. This 20-year commitment to end polio represents the largest private-sector support of a global health initiative to date. Rotary has already committed US\$500 million and countless hours of volunteer work to help immunize nearly two billion children throughout the world. Today, there are only a few hundred polio cases worldwide, a 99.8 percent reduction since 1988, when polio paralyzed more than 350,000 children a year.

International Education - Rotary is the world's largest privately funded source of international scholarships. Each year, nearly 1,000 university students receive Rotary scholarships to study in another country. Rotary clubs also coordinate a high school-age student exchange program that sends nearly 8,000 students abroad for 3 months to a year.

Peace - In an effort to educate tomorrow's peacemakers and ambassadors, Rotary recently launched the Rotary Centers for International Studies for peace and conflict studies at eight prestigious universities worldwide. The program provides master's-level degree education in conflict resolution to a group of 70 Rotary World Peace Scholars chosen annually in a world-competitive selection process.

Literacy - Rotary clubs are engaged in the fight against illiteracy worldwide. One example is a Rotary literacy program in Thailand that dramatically reduced school failure and was adopted by the Thai government for all the nation's schools.

Hard! Where?

So there's this fella with a parrot. And this parrot swears like a sailor, I mean he's a pistol. He can swear for five minutes straight without repeating himself. Trouble is, the guy who owns him is a quiet, conservative type, and this bird's foul mouth is driving him crazy.

One day, it gets to be too much, so the guy grabs the bird by the throat, shakes him really hard, and yells, "QUIT IT!" But this just makes the bird mad and he swears more than ever.

Then the guy gets mad and says, "OK for you." and locks the bird in a kitchen cabinet.

This really aggravates the bird and he claws and scratches, and when the guy finally lets him out, the bird cuts loose with a stream of invective that would make a veteran sailor blush.

At that point, the guy is so mad that he throws the bird into the freezer.

For the first few seconds there is a terrible din. The bird kicks and claws and thrashes. Then it suddenly gets very quiet.

At first the guy just waits, but then he starts to think that the bird may be hurt. After a couple of minutes of silence, he's so worried that he opens up the freezer door.

The bird calmly climbs onto the man's out-stretched arm and says, "Awfully sorry about the trouble I gave you. I'll do my best to improve my vocabulary from now on."

The man is astounded. He can't understand the transformation that has come over the parrot.

Then the parrot says, "By the way, what did the chicken do?"

☆ TRAIL-SO MUCH TO OFFER ☆

**Originally constructed as a? Located?
What happened and when?**

A ship in port is safe, but that's not what ships are built for.
Rear Admiral Grace Murray Hopper
