BRAIN TEASER: A man buys a horse for 60\$. After a while he gets tired of the horse and sells it. He is able to get 70\$ for the horse. Some time passes and the man regrets his decision and goes to buy the horse again. But now he has to pay 80\$. So he does. After a while he regrets to have bought the horse back. And sells it again for 90\$. Now in total, how much loss/profit did the man make? (Answer on Page 2)

☆ TIME GETS BETTER WITH AGE ☆

The following wise reflectionss were provided by **Ed Verigin** to his good friend **Marc Marcolin**. This is but a taste since the original extends from Age 5 to Age 92. For the rest see Elmer or Marc or go to:

Age 30

I've learned that there are people who love you dearly but just don't know how to show it.

Age 31

I've learned that if your dog or cat doesn't like someone you think is a friend, be wary.

Age 32

I've learned that if someone you think you trust cheats at Golf, be wary.

Age 33

I've learned that if you want to do something positive for your children, work to improve your marriage.

Age 34

I've learned I'm lucky that the person I married is my best friend.

Age 35

I've learned that wearing tight clothes does not make me look thinner.

Age 42

I've learned that you can make some one's day by simply sending them a little note.

Age 43

I've learned that going bald is not a bad thing.

Age 44

I've learned that the greater a person's sense of guilt, the greater his or her need to cast blame on others.

Age 46

I've learned that children and grandparents are natural allies.

Age 47

I've learned that no matter what happens, or how bad it seems today, life does go on, and it will be better tomorrow.

Age 48

I've learned that singing "Amazing Grace" can lift my spirits for hours.

Age 49

I've learned that motel mattresses are better on the side away from the phone.

Age 50

I've learned that you can tell a lot about a person by the way they handle these three things: a rainy day, lost luggage, and tangled Christmas tree lights

☆ GREETINGS-A NEW MEMBER ☆

Cliff Hodgkins (Category - Office & Apartment Rentals): A Profile - "Cliff moved here after buying several buildings, including the Montrose School, Access Centre, and Edgewater Apts. in Glenmerry. The powers that be claim that he seems to be quite an affable fellow. Besides making a living, he seems to be interested in the arts, philosophy, and the human condition.

Rotarian Ernie Lalonde nearly lost his hair on Friday, but was saved at the last second. The TD bank manager was the victim of an April Fool's prank, thanks to his staff and the KBRH Hospital Foundation.

PUZZLE ANSWER: The man made 20\$ profit. With his first buy/sell he makes 70\$-60\$ = 10\$ profit. And with the second one he make 90\$-80\$ = 10\$ too. So in total he makes 20\$ profit.
